ERECTING INSTRUCTIONS

AND PARTS-PRICE LIST FOR

David Bradley
WINDMILLS

Model Numbers

802.6 6½ Foot

802.8 8 Foot

802.10 10 Foot

The Model Number of your windmill will be found on a name plate attached to the main frame or oil reservoir casting. Always supply the Model Number when communicating with us regarding your windmill or when ordering repairs.

Good News!

Your DAVID BRADLEY windmill can bring you a new day of comfort and ease. Do you realize that windmills just like your own David Bradley are the "backbone" of inexpensive, drudgery-relieving running water systems all over the country?

We can furnish plans and equipment necessary to give you running water "on tap" at all times!

We will be glad to help you draw up plans for a running water system that will fit YOUR farm. See us immediately. It can mean a new life for you and your family.

SEARS ROEBUCK AND CO.
